## Workshops and Miscellaneous Items

**The "How to PEG a Rim Workshop"**~Students will start by learning to "PEG" into a board that can be used later to scrape or nail on. After learning the process of pegging, you will then make your previously chosen basket. This basket must have a flat stock rim of at least 5/8" wide. Pegging a rim takes both time and strength, but the end result is worth the effort. The cost of the Pegging workshop is \$45 **2 hour project limited per retreat A must before you can peg a basket rim**

Consider upgrading and personalizing your Nantucket Baskets with ivory. Below are suggestions for you to consider. Feel free to call Joni-Dee or Denise to discuss these options.
